

**Master Art & Structure**

We are now entering the “**Final Project**” phase of our WEB120 class. The **requirements** and first two **assignment phases** are stated below:

**1) Site Structure:** You will need to create a site architecture in any software of your choice.

© 2005 Premium Design Works

Barbacoa Site Architecture

**2) Master Art:** you can use either Illustrator or Photoshop to create your Master Art file that you will pull your pieces from:

- Both of these will need to be **printed out** and turned in as your **Master Art & Structure** assignment.
