

Create Your Page

For your second assignment you will need to create the foundation of the page that you will be building in this class for your assignments:

```

1 <!DOCTYPE HTML PUBLIC "-//W3C//DTD HTML 4.01 Transitional//EN"
2 "http://www.w3.org/TR/html4/loose.dtd">
3
4 <html>
5
6 <head>
7
8 <meta http-equiv="content-type" content="text/html; charset=utf-8" />
9
10 <title>Mike Sinkula - Web Authoring</title>
11
12 </head>
13
14 <body>
15
16 <h1>Mike Sinkula</h1>
17
18 <h2>WEB 110</h2>
19
20 <h3>About Me</h3>
21
22 <p>My name is Mike and Seattle has been home to me for quite a while now. I am
23 an instructor at Seattle Central Community College and am also a free-lance
24 designer, audio engineer and musician.</p>
25
26 <p>Recently my girlfriend Karin and I purchased a two bedroom house in Burien,
27 just south of Seattle proper. We live there with our dog Summer and our two
28 cats Sissy & Chico. We have a nice yard and I am building my music studio
29 in the basement.
30
31 <p>My life, my art, and the passions I truly believe in matter to me the most
32 in my life rather than selling out to the media and marketing schemes of our
33 world and believing in "what they tell me." Somehow I seem to create every day
34 whether it be a written piece a sketch in my notebook or a song that journals
35 my life.</p>
36
37 </body>
38
39 </html>
40
41 <!-- Created by Mike Sinkula -->

```

1) Your **Create Your Page** assignment should contain:

- the doctype
- html tags
- head tags
- body tags
- the document encoding
- a title with your name and the class
- a headline with your name
- a sub headline with the class
- a headline for your paragraph
- the paragraph
- a comment

2) This shall be done in a standard text editor and printed out to be turned in as your **Create Your Page** assignment.
